You can choose to communicate or not. If you have a problem with Jeff Frazier, then you need to speak with him and not take it out on me. From where I'm sitting, whatever he asked got me answers that I've been trying to get for months. I haven't been asking "everyone". I have asked you and your captain and the Sheriff, maybe if you had been forth coming in the first place it would have been easier, that surely isn't "everyone".

I sent you the tax questions to your work email as it pertained to your work, not personal. You telling me you didn't read your work email for three days?

I'll be happy to get those forms, I would like a copy of the agreement that you made with the IRS, I could send it in with my tax return to avoid any misunderstanding in the future as there is a three year grievance period. What did the IRS say about the Federal taxes that haven't been paid on the 1099's, that is main question. If you don't have an answer, let me know and I will call the IRS myself.

It's nice to know that businesses like PAL that are related to government agencies get a break when they commit tax fraud, unlike private citizens who go to jail such as Wesley Snipes.

This is my last email about this!

Jeff asked about a W-2 or a W-4 for \_\_\_\_ The same questions you have been asking everyone. He should not be asking questions about \_\_\_\_\_

I didn't get your email last week. Send it to my personal email, as I have asked you not to email me at work.

\_\_\_\_ did fill out a W-4, W-9, and an I-9 today, along with \_\_\_\_ contract. I will forward you copies tomorrow.

Seminole County PAL has entered into an agreement with the IRS regarding the classifications of the Camp workers. Per the agreement, Camp workers will continue to receive 1099's for services performed through June 30th, 2012. Effective July 1, 2012, all camp workers will be employees of PAL.

You have \_\_\_\_ 1099 for 2011. That is all \_\_\_\_ will get. \_\_\_\_ will not be getting a W2 for 2011 as \_\_\_\_ was
