Mr. Dwayne Johnson,

I am writing a story concerning the misclassification of employees as Independent Contractors which have been so classified since you took office on January 8, 2003. In fairness to the truth I would like to extend to you this offer to explain your participation in the events which have resulted in your agreement with the Internal Revenue Service which goes into effect on July 1, 2012. To put it simply I want to get your side of the story. From the documents, evidence and statements obtained to date it does not present a positive picture of this not for profit corporation in which several Seminole County Deputy Sheriff's are connected.

In order not to have any misunderstandings would you be willing to answer a few questions as to how this situation developed? I am extremely interested in knowing how and educated man of your position within the Seminole County Sheriff's Department could have gotten involved in these violations of Federal and State laws.

Please contact me as soon as possible if you are willing to tell your side of this story. If for whatever reason you do not wish to provide any information to explain how this happened could you please advise me as soon as possible. If I do not receive a reply to this request by Friday June 22, 2012 at 5:00 P.M., I will accept your silence as your intention not to provide your side of the story.

I look forward to your assistance in this matter and hope that the information which only you can provide will explain this incident and put the Seminole County Police Athletic League in a positive light.

Best Regards,

Jeffrey K. Frazier
