Dear Mrs. King,

I am a resident and taxpayer of Seminole County and discovered that a non profit organization was utilizing the address of the Oviedo High School at 601 King Street Oviedo Florida 32765 as their Principal Address according to the Florida Division of Corporations (See Document number N00000004959). The name of this corporation is "OHS Touchdown Club Inc". (Club).

Prior to contacting your office I attempted to contact the President , Mr. Wes Allen and the Secretary, Mrs. Linda Lougee. Both persons refused to discuss their corporation and I was referred to the Seminole County School Board attorney, Mr. Ned Julian. Mr. Julian advised that he does not represent the Club and that it is not an activity of the School Board of Seminole County.

On July 5, 2011, Mrs. Lougee advised in writing that the Club " is not registered with the Florida Department of Revenue" , but has obtained their 501 C status from the Internal Revenue Service. On July 6, 2011 your office advised that the Club is registered but that it was " NOT ACTIVE". on July 19, 2011, I was informed by Mr. Walt Griffin, Seminole County School , that the Club was being dissolved. Mr. Griffin further advised that the non profits associated with the Oviedo High School would no longer have employees of the Seminole County School system as its officers.

I am requesting that your department investigate this Club to insure that it is meeting its lawful requirements as per Florida State Statutes. According to records it has been operating since 07/26/2000 and is only now registering with the Florida Department of Agriculture and Consumer Affairs as a non profit.

I am requesting to inspect any public records maintained by your department concerning this corporation. Please advise the method by which this inspection can be made. Should your office require any additional information from me concerning this matter please contact me at Integrity@SeminoleWatch.com or at the address : 411 Raccoon Trail , Geneva Florida 32732.

Your attention to this matter would be appreciated,

Sincerely,

Jeffrey K. Frazier
